

Living In A Glowing World

Trisha Howell

Each season is an opportunity for beauty, renewal, and self-transformation. Through poems tailored to the themes, moods and emotions of each of the six unique seasons—Winter, Thaw, Spring, Summer, Harvest, and Autumn—this collection of original poetry pleurably evokes the joys, sorrows, and triumphs of living in a glowing world: a world that is vibrantly alive with energies that can nurture, revitalize and inspire us all.
