Unique Dog Hilariously Reveals The Truth About Everything

Sir Addison Silber Howell, Esq., aka The Wonder Dog, reveals the true history of the world—from the canine perspective—with his wise and witty book *The Pekinese Who Saved Civilization*. Addison is a very cute curmudgeonly old dog with an ego the size of the universe. He pontificates on nearly 100 subjects—from love to money, ethics, politics and animal rights—in his hilarious book, fully illustrated with his comical photos.

The Pekinese Who Saved Civilization entertains and educates readers on a wide variety of subjects. Children and adults alike laugh out loud as they read and also ponder the many ideas on improving their lives and the world. By showing how to solve personal and global problems, Addison saves civilization. If you read only one book, this should be it. Addison is convinced that it's the greatest book ever written and is sure you will agree.

Since 1990 Trisha Howell (Addison's servant) has published numerous articles, stories, and poems on a wide variety of subjects in newspapers, magazines, and anthologies. She holds a BA and MA in Philosophy, MA in Humanities, and MA in Critical Film Studies. She's taught at Montessori schools, Stanford University, and the University of Southern California and frequently offers educational programs at libraries, schools, bookstores, and other organizations.
